Communities around the world are recognizing organic “waste” as a resource. The EPA estimates that more than 30% of landfill bound waste is organic material. Instead of burying food scraps and soiled paper in landfills where they create methane gases (a greenhouse gas 30 times more harmful than carbon dioxide), our BioBags enable organics to be separated from landfill bound waste and delivered to compost facilities. There it can be turned into nutrient rich compost.

BioBag is the world’s largest brand of certified compostable bags and films. We have offices in nearly 20 countries and have production facilities in Europe (Estonia, Belgium, Sweden) and in North America (California).

BioBag is 100% dedicated to producing only ASTM D6400 certified bags and films. BioBag has the most diverse compostable bag and film offering on the market. BioBag is made from Mater-Bi, the world’s first and largest family of compostable resins.

- In the SPINS sub-set of compostable bags, BioBag enjoys a 74.2% market share (conventional)
- In the Natural product segment, BioBag is second only to Seventh Generation in national market share.
- In the U.S., BioBag sells more branded compostable bags than all its competitors combined.

BioBag in Minneapolis

Small 3 Gallon Food Scrap Bags

Box Dimensions: 5.75" L x 1.125" W x 5.0" H
Bag Dimensions: 16.9" W x 17.7" H 0.64 mil
Item Number: 187128
Case: 12/25 Count
Suggested Retail: \$4.99 - \$5.99

BioBag Small 3 Gallon Food Scrap Bags take the mess out of cleaning the kitchen compost pail. They are also great for refrigerated food storage. BioBags "breathe" without leaking. This unique feature allows heat and moisture to evaporate, which keeps food "fresher" longer.

Tall 13 Gallon Food Scrap Bags

Box Dimensions: 5.75" L x 2.25" W x 3.25" H
Bag Dimensions: 22.9" W x 29.0" H 0.68 mil
Item Number: 187684
Case: 12/12 Count
Suggested Retail: \$4.99 - \$5.99

BioBag Tall 13 Gallon Food Scrap Bags are sized equivalent to regular tall kitchen plastic bags and fit most kitchen waste cans. This sturdy bag is perfect for collecting food waste, paper and other compostable packaging items. Our Tall 13 Gallon size is also great for collecting outdoor organic waste from small gardening areas.

33 Gallon Lawn & Leaf Bags - 5 count

Box Dimensions: 8.9" L x 1.5" W x 2.0" H
Bag Dimensions: 32.5" W x 41.0" H 1.0 mil
Item Number: 187125
Case: 12/5 Count
Suggested Retail: \$5.99

BioBag Lawn & Leaf Bags are a full 33 gallon capacity and are perfect for communities who have banned regular plastic bags for the collection of yard waste. BioBags can be composted right along with the waste. Lawn & Leaf Bags hold more waste, are more durable, and are easier to use than paper yard bags.
