BioBag in Houston

BioBag is the world's largest brand of certified compostable bags and films. We have offices in nearly 20 countries and have production facilities in Europe (Estonia, Belgium, Sweden) and in North America (California).

BioBag is 100% dedicated to producing only ASTM D6400 certified bags and films. BioBag has the most diverse compostable bag and film offering on the market. BioBag is made from Mater-Bi, the world's first and largest family of compostable resins.

Compostable Bag program took effect as of April 5, 2010.
More info: <http://www.houstontx.gov/solidwaste/compostablebags.html>

- Retail boxes must have identifiable Houston city logo & script
- All bags must have Houston logo and production date
- BioBag won the Houston bid for 100,000 bags for city use primarily because of our packaging!

- In the SPINS sub-set of compostable bags, BioBag enjoys a 74.2% market share (conventional)
- In the Natural product segment, BioBag is second only to Seventh Generation in national market share.
- In the U.S., BioBag sells more branded compostable bags than all its competitors combined.

BioBag in Houston

City of Houston Approved

UPC: 831128000777

Houston 33 Gallon Lawn & Leaf Bags

- Unit Dimensions: 9.0" x 2.75" x 2.25"
- Bag Size: 32.5" x 40.0" 1.2 MIL
- Item #186272
- 10 count

BioBag Lawn & Leaf Bags are a full 33 gallon capacity and are perfect for communities, like Houston, who have banned regular plastic bags for the collection of yard waste. BioBags can be composted right along with the waste. Lawn & Leaf Bags hold more waste, are more durable, and are easier to use than paper yard bags.
